What would the estimated balance be after 12 months based on a £500 deposit?	<p>£6,098.34</p> <p>This is an example based on the account being opened on 2 January with an initial deposit of £500 and 11 monthly lodgements of £500 at the start of each month, which is the maximum monthly amount allowed, and assumes the interest rate does not vary during the 12-month period.</p>

Monthly payments can only be made by electronic transfer.</p> <p>You can miss one monthly payment per calendar year without loss of interest.</p> <p>If you miss more than one monthly payment in the same calendar year the account will become an instant access account at the interest rate applicable at that time. We will provide you with 30 days' notice of the change.</p> <p>The account can be opened and operated at any of the Society's branches, agencies or by post.</p>
Can I withdraw money?	<p>You can make one withdrawal per calendar year without loss of interest.</p> <p>If you make more than one withdrawal in the same calendar year the account will become an instant access account at the interest rate applicable at that time. Additional information	<p>AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. This will enable you to compare more easily the return you can expect from your savings over time.</p> <p>Gross rate quoted is the taxable rate of interest without deduction of income tax.</p> <p>You may need to pay tax on any interest that exceeds your Personal Savings Allowance. For more information, please visit HM Revenue &amp; Customs (HMRC) website <a href="http://hmrc.gov.uk">hmrc.gov.uk</a>.</p> <p>The interest rate is correct as of 1<sup>st</sup> June 2025.</p>
